Dear Mr. Fleming:

I am pleased to write in strong support of the Unified Progress International Education program (UPI). Offering the UPI Education Life Skills Solutions curriculum in public schools and youth organizations in the Third Congressional District has created a wonderful opportunity for our youth to develop the skills and motivation necessary to mature into successful young adults.

The outcomes you have reported demonstrate tremendous growth among UPI program participants, including higher grades, better attendance and, in many instances, academic honors and perfect attendance. These results are proof that the UPI program can benefit students in our public schools.

I look forward to UPI's efforts bringing more success to participating students and schools. If I can be of assistance to you in the future, please do not hesitate to contact me.

Sincerely,

ROSA L. DeLAURO
