To Whom It May Concern:

I'm writing this letter in support of the Unified Progress International Education Program that was implemented at Wilbur Cross last school year. We are hoping that this valuable program will be funded so that we can offer it to our freshmen seminar classes second semester.

The students who took the course had a lot of success as the data indicated. The life skills that were taught like conflict resolution, balancing a check book and career goals were tailored perfectly for freshmen. Many students commented on how much they learned and how positive the teacher was. There were students who were showing up to the class who didn't belong there. They heard about the program and wanted to be part of it.

I'm hoping to hear soon from the district so that I can begin to plan now for the implementation of the program for next semester. Please let me know as soon as possible if UPI will be funded again.

Sincerely,

Robert J. Canelli
